Gardena

BY INTRACORP

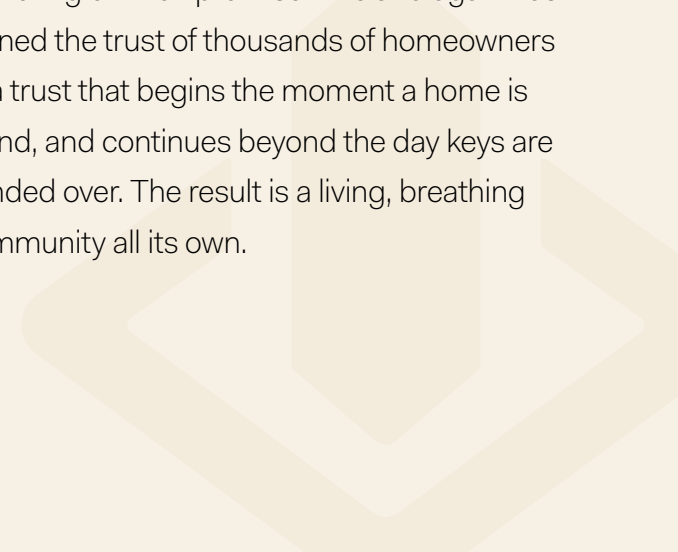

A BURQUITLAM FIRST, FROM AN EXTRAORDINARY DEVELOPER.

One of Metrotown's largest builders is bringing four decades of experience to Burquitlam. Intracorp's history of Building the Extraordinary has delivered over 25,000 homes across 180 communities. Their range of projects expands from Vancouver to Austin, each with its own vision, architectural character, and distinction.

Abiding by a Philosophy of Design, Intracorp focuses on delivering quality and timeless communities - this is apparent in the functional floorplans, design-driven interiors, and thoughtful amenity programming. But the

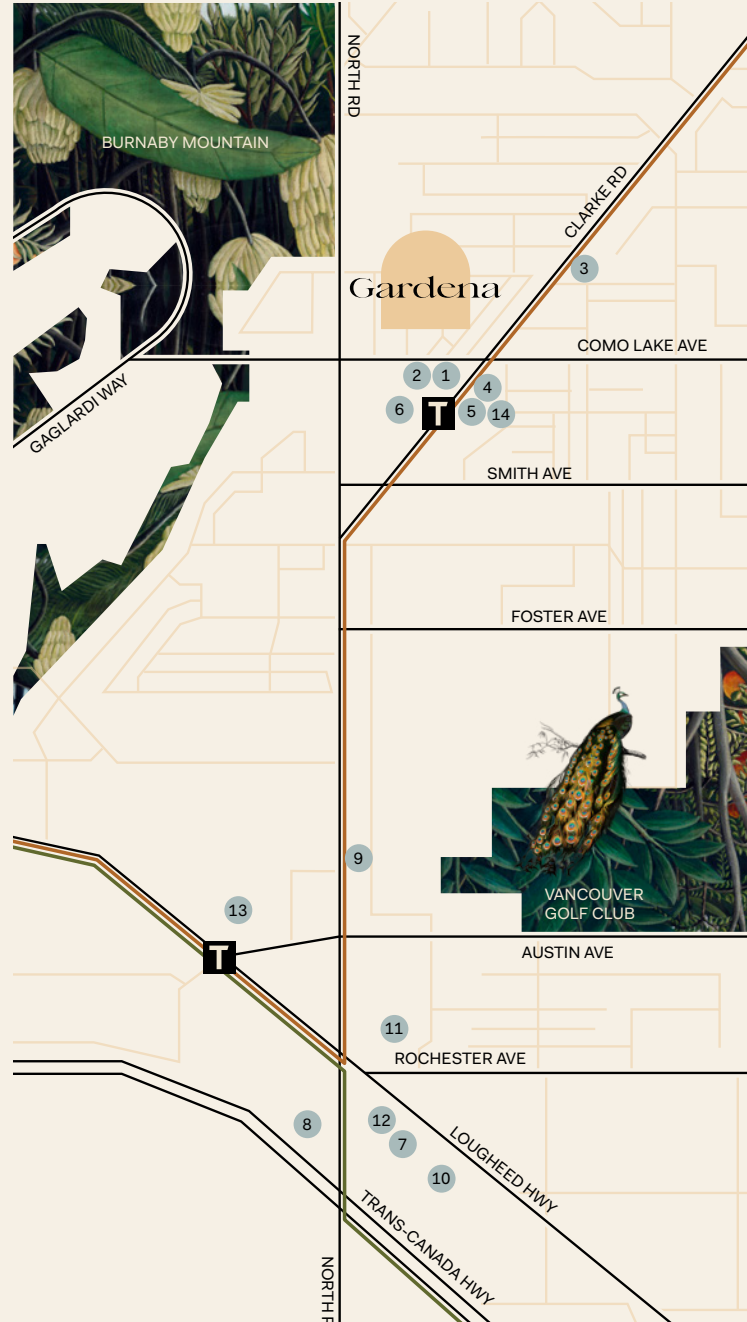

heart of each community is really an intentional alignment with homeowner needs and the local context. Their extraordinary experience of delivering on their promise time and again has earned the trust of thousands of homeowners — a trust that begins the moment a home is found, and continues beyond the day keys are handed over. The result is a living, breathing community all its own.

SHAPING BURQUITLAM'S NEWEST COMMUNITY.

Steps to the SkyTrain station and a collage of everyday conveniences, Gardena rises within the urban centre of Burquitlam in the emerging neighbourhood of Oakdale. Bordering the forests of Burnaby Mountain, the Oakdale neighbourhood is both intimate and wide open – where you can get downtown, or get away, and feel like you're in the centre of something special. It is here that Gardena creates unique access to a sophisticated lifestyle. It's a place where people thrive — nature lovers, foodies, commuters, families, students, plant parents, and everyone in between.

Discover layers of culture in family-owned shops and local eateries, explore every shade of green in parks and on trails, and quickly get from A to B on the SkyTrain. Big box favourites are just a 5-minute drive away, classic breweries are on Port Moody's shores, and quality schools for all ages and stages are moments away.
